PROFESSIONAL SUMMARY

- Aspiring Software Engineer with knowledge of Java, Python, React.js and MySQL, Strong problem-solving abilities, a willingness to learn and a passion for building innovative software solutions. Looking for an opportunity to apply technical skills and gain industry experience.

EDUCATION

- Kuppam Engineering College (KEC), Kuppam (2023 -2027)**
- B.Tech in Computer Science & Engineering | Expected Graduation: May 2027*

TECHNICAL SKILLS

- Languages:** Python, JavaScript, Java, HTML, CSS
- Frontend:** React.js, Vite – responsive UI development, reusable components
- Backend:** Fast API – REST API design and development
- Database:** SQLite – schema design, queries
- Tools & Concepts:** Git, GitHub, JWT Authentication, REST APIs, Full-Stack Development, AI Integration

PROJECTS

Full Stack AI-Powered Web Application

- Technologies:** React.js, Fast API, Python, SQLite, Google Gemini API, JWT,, GitHub,
- Description:**
- Developed a full-stack AI-powered notes generation platform using React.js and Fast API.
- Implemented secure JWT-based authentication for user registration and login.
- Integrated Google Gemini API for AI-generated notes, PDF summarization, and PDF-based question answering.
- Built PDF upload, AI summarization, PDF download, and note management features.
- Designed RESTful APIs and integrated using SQLite.
- Developed a responsive dashboard with React.js following modern UI practices.

Event Management System

- Technologies:** React.js, Fast API, SQLite
- Description:**
- Developed a full-stack Event Management System using React.js, Fast API, and SQLite.
- Implemented JWT-based authentication with secure login and role-based access for Admin and User.
- Built CRUD functionalities for event creation, updating, deletion, and event management.
- Enabled users to view available events and register through an interactive, responsive interface.
- Integrated frontend and backend using REST APIs with Axios, SQLite, and proper error handling.

CERTIFICATIONS

- Certified in Learn Java Programming by Heroit-Watt University,demonstrating proficiency in java fundamentals and object-oriented programming concepts.
- Certified in Advanced Python programming,demonstrating proficiency in core python concepts and practical programming skills.
